**Note:** a passenger who does not have Senegalese identity papers (passport or identity card) is considered as a foreign passenger even if he / she has a multi-citizenship and must therefore be in possession of a visa .

## ✎ How to obtain a visa ? \*

**E-Visa online procedure** : Senegal has established since 2013 the obligation to obtain a biometric visa for travelers of nationalities who were hitherto exempted. The visa procedure is quite complicated and happens in two stages. At first, the payment of the visa (50€) and of the cost of delivery shall be made on the dedicated website ([www.visasenegal.sn](http://www.visasenegal.sn)). A number of information must be provided at this time online.

Once this step is complete, a visit to a diplomatic representation equipped to issue biometric visas is required. You will undergo a strict control of all documents, as well as a taking of a digital photo and a fingerprinting of all fingers. A special procedure for taking fingerprints of 10 toes is provided for disabled passengers no longer having fingers in particular for our bi-national leper compatriots residing abroad but having no more Senegalese documents.

Depending on consulates and peak periods, formalities can be long. So you will need a full day to get your visa.
